PETITION FOR ELECTION FILED

JOE EDWARDS AND T. B. GABBERT
PRESENT SIGNED PETITION TO GOVERNOR.

Joe Edwards and T. B. Gabbert, prominent Stratford citizens, returned from Oklahoma City this morning where they had been in the interest of the election to be called in the strip of territory three miles by fifteen in Garvin County, to decide whether the strip will become part of Pontotoc. These gentlemen carried petitions signed by more than seventy-five percent of the voters in the strip, they say, and filed it with the Governor. Governor Robertson assured them that he would have a hearing on the petition, within fifteen days, before calling the election. These men insist that they will be citizens of this county within a hundred days.

Pauls Valley had a delegation of citizens in Oklahoma City Friday to protest against the filing of the petition to call an election. The Governor overruled their protest and filed the petition. Pauls Valley is fighting the move in every way possible, it is reported.

SHAKEUP ON POSTAL LINES

POSTMASTER GENERAL BURLESON
REMOVES PRESIDENT
AND OTHER OFFICIALS.

By the Associated Press

WASHINGTON, March 22.—Clarence H. McKay, president of Postal Telegraph Cable Company, was removed today by Postmaster General Burleson. The postmaster general issued an order relieving besides McKay, W. W. Cook, general counsel, William S. Deegan, secretary of the board of trustees or directors and owners of the McKay companies operating Postal systems from all duties pertaining to control and operation of the service under government control.

A. F. Adams, president of the Kansas City Home Telephone Co., was appointed to succeed the Postal officers in the management of the system.

INDIAN AGENCY WILL NOT STOP BUSINESS

MUSKOGEE, Okla., March 28.—Following conferences in Washington with E. B. Merritt, assistant commissioner of the Indian Affairs, Gabe Parker, superintendent for the five civilized tribes, has announced that a plan will be perfected which will prevent the closing of offices in Muskogee and in other places in Oklahoma, according to word received here.

Mr. Parker believes he will obtain approval of a plan suggested which, within the next few days, will enable the affairs of his offices to be conducted.

Until an extra session of congress is called and appropriations are made available, Mr. Parker says, his department is faced by a deficit of about \$20,000 because of the failure of the Indian bill to pass congress as a result of the republican filibuster. An emergency appropriation was approved unanimously by the committee which would have permitted the work to go on without interruption. If the plan is approved it will mean that from forty-seven to fifty temporary employees not registered under the civil service act will be furloughed, said Mr. Parker.

NOTICE.

Owing to the fact that about 20 percent of all kodak work is never called for, it compels us to this business on a cash basis effective April 1st. Terms will be as follows: The cost of developing the films must be paid when the rolls are left, balance may be paid for when prints are completed.

Films left for reprint MUST be paid for in full when order is given. We disliked to put this rule into effect but the lack of attention in calling for this class of goods has forced us to do so.

REMEMBER after April 1st bring the change with you when you bring the films.

We trust our good patrons will bear with us in making this change, and not feel offended when called upon to pay, as it is only a business proposition.

CONGRESS TO BE CALLED IN MAY

PRESIDENT WILSON MAY CALL
SENATE TOGETHER BEFORE
THAT DATE.

By the Associated Press

PARIS, March 22.—A special session of both houses of the American congress will probably be called about the middle of May, the date when President Wilson hopes to return to the United States. It is possible that if the peace treaty is sufficiently advanced to warrant such a course, a special session of the senate may be called even earlier than the middle of May, to afford it an opportunity to deal with the subject of peace and the league of nations before being called upon to direct its attention to other important matters of legislation.

Some of the most urgent things to come before the new congress is the providing of sufficient funds to carry on the various lines of government activity. The financial affairs must be looked after in a short time if the different departments are to continue to function.

If the situation appears to demand such action, it is not improbable that President Wilson will make a speaking tour upon his return, presenting his view of the issues directly to the voters. In such case, the most of his time would be given to those states whose senators are opposed to the ratification of the league of nations. Inasmuch as a two-thirds of the senators must favor a peace treaty before it can be legal, it is necessary for the president to bring at least that many around to his way of thinking.

Washington Expects Session.

An extra session of congress, not later than May 15, is now considered a certainty among officials and congressional leaders, if the president can return as early as May 1, which is considered probable.

It was said unofficially at the White House that the president might leave Paris immediately after an agreement is reached on the peace treaty, not waiting for the signing of the document.

MASS MEETING MONDAY NIGHT

COUNTY, CITY AND CHAMBER OF
COMMERCE OFFICIALS
URGE ATTENDANCE.

We, the undersigned, hereby call a mass meeting of the citizens, both men and women, of Pontotoc county for Monday evening, March 24, at 8 o'clock at the County court house. The object of the meeting is to learn more about how good roads are built and how they can be built here. The meeting is wholly educational.

M. Garner, for County Com.
Gary Kitchens, Mayor of Ada.
C. V. Gowing, Pres. Chamber of Commerce.

M. O. Matthews, assistant general manager of the Cement plant, says S. E. Brownell of the Portland Cement Association will be present at the meeting. Mr. Brownell is an engineer of nation wide reputation and will bring a message both interesting and illuminative. A full attendance at this meeting is urged by both city and county officials as well as by the Chamber of Commerce. It is certain that good roads are to be built in Oklahoma and Pontotoc county, and every citizen ought to know as much about the kind of roads as possible.

POSITION OF DOMINIONS

CANADIANS AND AUSTRALIANS
AGAINST MEDDLING WITH
EUROPEAN MUDDLES.

By the Associated Press

LONDON, via Montreal, March 22.—British dominions do not feel that they should take the responsibility of entering into decisions of differences of European nations where the British empire is not directly involved, it is set forth in a memorandum submitted by Sir Robert Borden, Canadian premier, to the British delegation at the peace conference, according to the Paris correspondent of the Morning Post. The memorandum, the correspondent states, is supported by the American delegation. It was submitted, he adds, after consultation with the Australian delegates.

VILLA FORCES ARE DEFEATED

GENERAL AMARO SENDS 49
VILLA MEN TO DEATH AND WINS
IMPORTANT VICTORY.

By the Associated Press

CHIHUAHUA, Mexico, March 22.—General Joaquin Amaro defeated a strong band of Villa forces, believed to have been under the personal command of Villa himself and Angulo, near Satevo, fifty miles south of Chihuahua City last Thursday, according to a military telegram received here today.

Forty-nine of the Villa men were killed, the telegram states, but General Amaro did not report his own losses. It is believed here, however, that he administered the defeat on the Villa forces with slight losses.

Earlier reports in the day were that Hipolitillo Villa, a brother of Francisco, had been killed, but the report has not been confirmed and it is generally not believed here.

The Villa forces are gradually losing ground in this part of Mexico and the government forces believe the marauding bands will be wiped out in a few more months.

WILL OFFER COMPROMISE

PEACE DELEGATES WORKING
ON PLAN TO SATISFY ITALIAN
DEMANDS.

By the Associated Press

PARIS, March 22.—Hope was expressed last night in peace conference circles that by the first of the week a plan would be presented which would surmount all difficulties in the way of completing the peace making work of the conference raised by Italian threats to withdraw approval of any treaty not settling definitely the Italian Jugo Slav controversy. The action of the Italian delegates, amounting virtually to an ultimatum, directed to the supreme council, gave great concern to other delegates today.

NORMAL NOTES.

In the Normal Auditorium last night, under the direction of Miss Travino, the Junior class play, "The Call of the Colors," a two-act drama, was given before a well-filled house. The cast of characters was as follows:

Mrs. Hilary (head of gauze room), Nell Jackson.
Sallie Palmer (in charge of the desk), Ruby West.
Miriam Thorpe (who goes to France), Carrie Roach.
Lee Somers, Lois Moore, Laura Jones (workers in gauze room), Ruby Gallagher, Edna Brown, Ophelia Gray.

Miss Smith (who is something of a mystery), Louise Halsell.
A visitor (who does not approve), Lois Heard.

Cecile Deering (whose chateau is a hospital), Abbie Kitchens.
Villette (a French peasant girl), Ophelia Gray.

Sergeant Hilton (of the Royal Rifles), Meriweather Baker.
Harrison Ray (who wears civilian clothes), Hall Ingram.
Billie (not yet enlisted), Clifford Doney.

Rudolph (the sergeant's "watchdog"), Lester King.
The first scene was laid in the gauze room where Mrs. Hilary presided with particular efficiency, notwithstanding Sallie's and Billie's flirtation and the visitor's crushing eye-glasses. The Red Cross workers must have been recruited from the prettiest girls in school. The mysterious, but noble, nicer of Miss Smith might well represent that of a woman in the secret service of her country.

In the second act, Cecile Deering gracefully, as well as resourcefully, defended her chateau-hospital, while the attackers did their part on the campus outside, completely reversing the old adage that boys should be seen and not heard; little Villette fainted most naturally but revived in time to do her bit; Sergeant Hilton was foiled quite as a traitor should be; and the lovers, Miriam Thorpe and Harrison Ray, assumed a very pretty lyric attitude. Last, but not least, the boys who managed the business, did their part most efficiently.

The players held the attention perfectly. There was not a breath of disorder even in the balcony. Without question, the junior play was a decided success.

MISSOURI DEMOCRATS TALK OF OUSTING SENATOR REED

JEFFERSON CITY, Mo., March 22.—Democratic members of the Missouri senate and house have held many conferences in the last 48 hours on the proposed plan of some party leaders to have the democratic state committee call a convention of representative democrats from every county in the state to give indorsement to the president and his aims; to denounce United States Senator James A. Reed and to bring about a reorganization of the party in the state if conditions are found to justify it.

If the convention is not called, it is understood, some leaders advocate the state committee taking some action.

BIG GAS WELL IN ALLEN FIELD

HUMBLE INTERESTS BRING IN
WELL WITH 6,000,000 CUBIC
FEET DAILY PRO-
DUCTION.

The Humble interest, operating in the Allen oil field, brought in a big gasser in section 27-5n-8e Friday afternoon. The well will make 6,000,000 feet of gas a day, according to reports received here this morning.

This big gasser is only a short distance from the big oil well on the Reuben M. Roddie farm in the same section.

The Allen oil field is gradually stretching out and is becoming one of the best paying shallow fields in the state. Interest in the field is spreading and new operators are coming in. The gas well extends the gas territory of the county further east and north from the Mascho wells and indicates that Pontotoc county will have plenty of gas for years to come.

Hard surfaced roads in Oklahoma will add greatly to the chance of those traveling over them to eventually walk the golden streets, who under present conditions are in a fair way to go the other way because of an undue amount of profanity induced by the excuses for roads we now have.

A HOME FOR THE POOR.

From Muskogee Times-Democrat.
The county is advertising for bids for the care of the county's poor. To the Times-Democrat there has always been a feeling of repulsion in the idea of letting a contract to take care of the unfortunate who become county charges in their declining days. Their comfort, their happiness, the food they eat, becomes a matter of barter upon which someone makes money. Of course a contract with someone to care for them is all the county can do at present, but we believe this county ought to purchase a suitable farm and turn it into a home for the county charges. And it ought to be a home, their home, just as much as if they had title to the land, and the county ought to employ a competent superintendent whose duty it is to see that these charges have all the comforts it is possible to give them. It is all right to let contracts to feed convicts but any self-respecting person must have a feeling of repugnance when it comes to bartering the right to food and shelter of the indigent who are generally awaiting the rapidly approaching final summons. Let's buy a suitable place and make it a home for the county's poor.

INTERLOCKING HIGH PRICES.

From the Country Gentleman.
Many farmers are looking forward rather eagerly to a reduction in the cost of farm implements and farm machinery. That is only natural because no one likes to pay high prices. On the other hand, no one likes to sell his own produce at low prices. He likes the idea of \$2.26 wheat, \$1.50 corn and 15 to 18 cent pork. These prices enable him to keep his head above water. He has every reason to feel that the prices he is getting are not exorbitant and that he is in no sense a profiteer. For years he sold food for less than the actual cost of production. Now he is getting a little more than the cost of production. He is making a little profit, to which he is certainly entitled.

But he must not forget that food prices affect the cost of every other commodity. If food is cheap every other commodity will be cheap and if food is dear every other commodity will be dear. This is a fundamental principle in economics. The reason is perfectly obvious. The laborers who fabricate the raw materials must receive a living wage and the amount of this wage depends very largely upon the cost of food. Also, the fact must not be lost sight of that in the farm-machinery industry the labor cost of manufacturing greatly exceeds the cost of the raw materials. For example, a reduction of even twenty dollars a ton in the price of steel for a three-ton tractor would make very little difference in the cost of the finished machine. It would not be comparable to a reduction of ten cents a day per man in the cost of labor in the shops and foundries.

The cost of labor is the big charge in many industries. This is clearly evident in the case of the railroads. All employees were granted increases in pay shortly after the management of the railroads was taken over by the government. To meet this additional charge it was found necessary to increase freight rates twenty-five per cent and passenger rates more than fifty per cent. But even these increases failed to produce sufficient revenue to take care of the additional expense.

When the announcement was made a few months ago that the price of steel had been reduced four dollars a ton, many farmers expected an im-

mediate reduction in the price of farm machinery. As a matter of fact the farm-machinery trade was not affected by this reduction. During the last year of the war farm-machinery manufacturers had a preferential rate of five dollars a ton below the market. All their supplies for a year ahead were purchased on that basis. With a drop of four dollars the market was still one dollar above what the farm-machinery manufacturers had to pay. Manifestly the reduction affected them not at all.

Furthermore, all materials from which the present year's supply of machinery were made were bought at war prices and will have to be sold at war prices. Neither the manufacturers nor the dealers can sell at a loss and continue in business. There may be a slight drop in material prices next year, but unless the cost of labor is reduced we cannot expect much recession in prices of finished goods.

In fact, our whole economic fabric is woven and interwoven in such a way that the cost of every part must come down gradually and together if we would avoid disaster. With food prices at a high level everything else will be high priced. The farmer should bear this fact in mind. He may not like to pay twice as much for a certain machine as he paid before the war, but if he could buy at the same old price he can rest assured that he would receive the old price or less for his wheat, corn and hogs. Prices of the various commodities will not always remain at the same high level, neither is it at all likely that they will ever reach the pre-war level. They will come down gradually, and the more gradual the decline the better for all of us.

CHASING PHANTOMS.

From Ardmoreite.
The gentleman from Oregon, Senator George E. Chamberlain, is a man with a most lovable personality. He was so popular as a governor and as a man in his adopted state that Oregon, then a republican commonwealth, sent him to the United States senate, though he is a democrat from the South. Mr. Chamberlain is a native of Mississippi. At a meeting of the Mississippi Society in Washington the other night Senator Chamberlain made a point against the League of Nations on the argument that Japan's demand for the elimination of race discrimination would, if the league passes favorably to Japan upon the matter, cause the overthrowing of the Pacific states with Japanese cheap labor. Possibly Mr. Chamberlain's Mississippi origin and upbringing may account to some extent for his attitude as to race discrimination.

But at that meeting the senator took another tact. He made the charge that American soldiers from western states had been shipped from their Atlantic port of debarkation to their homes in cattle cars. If this is true, it is news. If it had happened, the newspapers would have printed it and made much of it. We are of the opinion that Senator Chamberlain is the victim of erroneous information. His information may be as erroneous on this point as it was when he said in a speech at New York more than a year ago that the war department had ceased to function. Events have proved that the senator was wrong in holding that belief. Chateau-Thierry, Belleau Wood and other affairs in France have disproved the accuracy of his statement.

When the cattle-car story is sifted, we venture the opinion that those ears will turn out to have been ordinary dining room coaches, which would not accommodate any kind of cattle that couldn't sit down on dusty plush cushions and put their feet on the back of the seat in front. Senator Chamberlain is a fine fellow personally, but he seems to have acquired the habit of talking too readily.

Missionary Bulletin.

(Woman's Missionary Society of the First Methodist Church.)
The Missionary Society met last Monday in the beautiful home of Mrs. J. L. Barringer, for its literary and social meeting. After the devotional service, led by Mrs. A. H. Chapman, Mesdames Orr, Jeter and Trull gave reports from the annual meeting of the Woman's Missionary Society, held last week in Shawnee. Mrs. Tom Granger sang a solo which was enjoyed by all. The entire program was instructive and inspiring. The hostesses, Mesdames Barringer, Steed, Borman and Dandridge, served delicious refreshments. The large number of ladies present felt that this was one of the most beneficial and enjoyable meetings the society has had for some time.

Clippings from Conference.
Mrs. C. B. Hester of Muskogee, Okla., more familiarly known by all Methodists of the state who ever attended a missionary conference, as "Sister Hester," is a most welcome guest of the conference.

Although more than 80 years old, this good woman continues her work in her home town, Muskogee, visiting the prisons every Sunday afternoon, where she has rejoiced over seeing a number of conversions at her meetings.

"Prayer," the "keynote" of the meeting.
Mrs. M. L. Hargrave, in her Bible Institutes, prayer, power and its limits, were very instructive and inspiring. "The Call of the 'Contentment,'" a spiritual crusade. "Prayer, stewardship, great offering of life, a gift of millions, all this can be done through prayer and service. It is the voice of God that calls Methodists everywhere to prayer, which is the fundamental factor of the Centenary, for if we fail in prayer we fail in the Centenary Movement.

Deaconess Grace Gatewood, one of two deaconesses sent out by the Council to visit the state and church schools over the country to solicit students to decide for some special life service, addressed the Conference for an hour. Her words were inspiring as she pictured a young life given to the service of God and Humanity.

Miss Ida Shannon, missionary to Japan, told us of that wonderful country and its opportunities. A real live missionary is always an inspiration.

Suffered Thirty Years With Stomach Trouble and Hemorrhages of the Bowels.

The Story of a Wonderful Recovery

There is hardly any one who does not experience some trouble with the stomach. It is so common that it is frequently paid little or no attention to it. Yet, the stomach is very easily upset, and catarrhal inflammation of the mucous lining develops, grows worse, the pain and distress is incessant and the truth dawns that we have chronic stomach trouble.

The case of Mr. Louis Young, 205 Merrimac St., Rochester, N. Y., is typical. He writes: "I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peruna and I took it faithfully. I began to feel better. My wife persuaded me to continue and I did for some time as directed. Now I am a well man. Mr. Young's experience is not unusual.

If you suffer from catarrh in any form, whether of the head, stomach, bowels or any other part of the body, try Peruna. It may be just what you need. Peruna comes in either liquid or tablet form and is sold everywhere. Your dealer has it or will get it for you. Ask for Dr. Hartman's World-Famous Peruna Tonic and insist upon having it. If you want your health accepted nothing else.

All the sick and suffering are invited to write The Peruna Company, Dept. 78, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

TODAY'S RELIGIOUS THOUGHT

Courage.
"Be of good courage and let thy heart be strong." Psalm 27:14.

Courage is one of the most straight forward of all virtues. It is essential to highest success and certainly possible for all. We need no teacher to tell us that it is fine to be courageous, and none of us confess without shame that we are cowards.

Courage is an honorable virtue. It lifts up the life to which it belongs and crowns it with light. It creates an aristocracy even in the jungles among the animals. Real men even love a good fighter and salute courage in a foe.

Courage is a serviceable virtue. You can mention no field in which it is not useful and no character for which there is lacking room for courage. It is a spark from Heaven's throne.

Courage is a comfortable virtue and it fills the soul with quiet peace and strength. Fear is weakness, bondage and feverish unrest. Courage emancipates the soul from fear so that a man may give his best self to God and humanity.

COSSACKS AGREE TO FURNISH FOOD SUPPLIES

LONDON, March 22.—The Cossacks of the Orenburg region have decided to supply Petrograd and Moscow with foodstuffs in large quantities and "to observe loyalty and all the decrees regarding food supplies," says a wireless report from Russia.

This decision was made at a formal conference at which the delegates agreed to recognize soviet in all localities and to take steps against any attempts to a counter-revolution.

An elaborate program for the "Socialistic organization of agriculture" was laid before the conference. A series of agricultural communes have been formed in the various districts and provinces. The Council of the People's Commissaries, the report stated, has assigned a credit of one billion rubles for the betterment of agriculture. The peasants are to be trained in scientific farming.

In order to supply the peasants with farming materials, the commissary has already organized construction and repair shops. In addition measures have been taken for the sowing of 4,000,000 hectares of land not previously cultivated.

LESSON FOR MARCH 23

ISRAEL WARNED AGAINST COM-PROMISE.

(May be used with Temperance Applications.)

LESSON TEXT—Joshua 23:1-16.
GOLDEN TEXT—Evil companionships corrupt good morals.—1 Corinthians 15:33.
ADDITIONAL MATERIAL—Numbers 23:50-56; Joshua 9:3-27; Judges 2:1-3, 21-6; Colossians 2:8.
PRIMARY TOPIC—Loving and obeying God.—Joshua 23:16-28.
JUNIOR TOPIC—Standing up for the right.
INTERMEDIATE TOPIC—Dangerous company.

Joshua, knowing that his life was drawing to a close, summoned the leaders of Israel to appear before him. He knew the tendencies which the nation was developing and the peril which faced it as his leadership was coming to an end. His jealousy for God and solicitude for them prompted him to assemble them and point out the great dangers which confronted them.

I. A Review of What God Had Done (23:1-4).

1. God had fought Israel's battles (v. 3). He gave them victory over the strong nations which inhabited Canaan. Striking evidences of this are the capture of Jericho and victory at Gibeon when the sun stood still at Joshua's command. This victory had been secured quickly, which indicates that God had interposed in their behalf.

2. God by the hand of Joshua had apportioned the land among the tribes (v. 4) for an inheritance. In chapter 24 Joshua rehearses the wonderful things God had done for the nation extending from Abraham down through the ages.

II. Points Out the Promises as Yet Unfulfilled (23:5-10).

1. "He shall expel them before you" (v. 5). The actual possession which God had given was the pledge that he would give them full possession. God's promise was the guarantee of this. In view of God's faithful performance of all his promises there should be no room for doubt.

2. "One man of you shall chase a thousand" (v. 10). The reason of this was because the Lord God would fight for them. To have the Lord fight for us is to have the assurance of victory regardless of how few or how many.

3. The condition upon which these promises would be realized. (1) "Be very courageous" (v. 6). At a time like this it required courage to look to God for all the nation's needs. (2) "Keep and do all that is written in the law of Moses" (v. 6). Fidelity to God's law was essential. Turning aside in any particular would forfeit their claims upon him. (3) "Keep aloof from the Canaanites" (v. 7). This separation was to obtain with reference to (a) marriage among them (b) idolatrous customs. (4) Cleave wholly unto God (v. 8).

III. Solemn Warnings Issued (23:11-16).

1. Take good heed that you love God sincerely (v. 11). Love to God is the sum total of duty toward him.

2. Refrain from intermarriage among the Canaanites (v. 12). For God's people to intermarry among the heathen is to set in motion influences which would issue in confusion and disaster.

3. God will make the heathen snares, traps and scourges instead of giving victory over them (v. 13).

4. Evil things will come upon them just as good things had been done for them even to their destruction (v. 15).

5. The wrath of God kindled against them (v. 16).

Peace and Righteousness.

Righteousness means victory with the help of the Spirit of God over ourselves, over our inclinations, our passions, our tempers, our whole sinful natures. There is no peace without victory in the spiritual life, and I am inclined to think that holds good between men and nations. There is no peace until righteousness is done. The Prophet said: "They have healed also the hurt of my people slightly, saying Peace, Peace, when there is no peace." There must be righteousness toward God and our fellowmen if there is to be peace and good will on earth.

If We Suffer.

"If we suffer, we shall also reign with him," says St. Paul. What a crown is that for this. O sufferer! "Thy pains and sickness are all cured; thy body shall no more burden thee with weakness and weariness; thy aching head and heart, thy hunger and thirst, thy sleep and labor, are all gone. Oh, what a mighty change is this which shines as the brightness of the firmament!"—Baxter.

God's Will.

The kingdom of heaven is not come even when God's will is our law. It is come when God's will is our will. When God's will is our law, we are but a kind of noble slaves. When his will is our will, we are free children.—George Macdonald.

Follow Jesus Only.

Let this be thy whole endeavor, thy prayer, thy desire—that thou mayest be stripped of all selfishness, and with entire simplicity follow Jesus only.—Thomas a Kempis.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly... Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and have no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. I have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

ITEMS CLIPPED FROM STONEWALL NEWS

Mrs. Frank Boatright died at their home in Stonewall Monday morning, after a lingering illness of several months. When the emergency hospital was in operation Mrs. Boatright was a patient there, and was later carried to Oklahoma City for treatment, but without avail. The funeral services were held Monday afternoon, and interment was at the Frisco cemetery.

The three-year-old son of Mr. and Mrs. Russell Hogan died at their home in Stonewall Monday night, after a short illness. Funeral services were conducted from the family residence Tuesday afternoon and interment was at the Stonewall cemetery. Mr. and Mrs. Hogan have the sympathy of the entire community in the loss of their child.

Miss Marye Harrison returned to Stonewall Tuesday after a two week's stay in Oklahoma City, where she underwent an operation in one of the hospitals there.

E. F. Blair of Mountain Valley, Kas., has been checked in as local agent for the M. K. & T. at Stonewall. Mr. Blair is no stranger in Pontotoc county, having at one time resided in Ada for a period of something like four years.

Stud McKinney, who lives in the Sheep Creek community, was arrested last Saturday on a charge of stealing horses, and carried to Coalstock where he was placed under a \$1,500 bond. It is alleged that he "got away" with two horses belonging to F. H. Hardin, who lives three miles east of Jesse in Coal county.

Story of Number 40.

40 years ago an old doctor was putting up a medicine for diseases of the blood, that cured the worst cases of specific blood poison, and time proved that the cures were permanent. After many years I secured the prescription (being a druggist), and took each ingredient separately and referred to my U. S. Dispensatory and other authoritative books on medicine and found the medical properties set down as follows: "Employed in diseases of the glandular system, in blood poison, scrofula, constipation, stomach and liver troubles, chronic rheumatism, catarrh, in sores, ulcers, skin eruptions, mercurial and lead poisoning. Under its use nodes, tumors and scrofulous swellings that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist I named this medicine "Number 40 For the Blood." J. C. Mendenhall, Evansville, Ind.

MORE HOMES NEEDED FOR IRISH PEOPLE

DUBLIN, March 3.—(Correspondence of The Associated Press.)

Disappointment is expressed in Belfast as well as in Dublin over the policy adopted by the government to solve the problem of providing homes for the people. In England the housing schemes are said to be well advanced. In Ireland, though the need is believed here to be greater than in England, nothing has been done and the plan proposed by the government is criticized as unsatisfactory and not likely to produce the results desired.

In England the local authorities are authorized to impose a penny tax to meet the loss on building schemes and the state will provide funds necessary to cover the loss made good by the tax.

In Ireland there is to be no penny rate. The local authorities will have to borrow from the banks the money necessary for building the houses. The Irish Local Government Board, a body appointed by the Castle and not regarded as responsible to Irish opinion, will determine what is a fair rent for the houses and the treasury will pay part of the difference between the rent paid by the tenant and the amount necessary to meet the cost of living.

It is considered likely that the local authorities in Ireland will find it difficult to borrow this money from the banks, as these local authorities will be largely Sinn Fein bodies which probably will treat the local government board as an English authority to be challenged and obstructed. Consequently the prospects of success for the Irish housing plan are not regarded as hopeful.

A good deal of the unrest in Dublin is attributed to the condition of

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

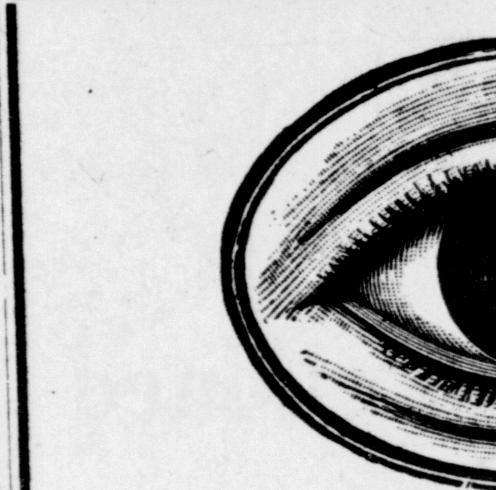

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism. Do not wait until the danger is upon you. At the first indication of trouble get after the cause at once. Get a trial box of GOLD MEDAL Haasem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

Quit Betting On A Sure Loss

Occasionally we meet a man who wants to build a home, but is waiting until material gets cheaper. He goes on spending for rent, betting the family funds that later he can build for less.

It's a losing game. Building materials, in the opinion of experts, will not be much cheaper for five years or more, during which time, should you build NOW, you would almost pay for a home.

HEADFAST EVERY WINTER; STOMACH TROUBLE GONE

Mrs. Mershon Found Speedy Relief After 18 Years' Suffering.

"I had suffered from stomach trouble for 18 years, and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I commenced taking Milks Emulsion last fall, and before I had taken half a dozen bottles, my stomach trouble disappeared, and I had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milks Emulsion to the children for croup, with splendid results."—Mrs. W. G. Mershon, Brazil, Ind.

Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Mershon did, have found the same wonderful relief and lasting benefit from Milks Emulsion. Milks Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. 50 MILLION ROAD BILL IS PASSED

PONTOTOC COUNTY GETS ABOUT FIFTY MILES OF PAVED ROADS UNDER BILL.

OKLAHOMA CITY, March 22.—The \$50,000,000 administration road bond bill has passed the legislature. With but one dissenting vote—Representative Gibson, Delaware county—the house passed the bill Friday afternoon.

The senate had adopted it an hour earlier with two opposing votes—Senators Sherman and Thomas. Governor Robertson, through his leaders in the senate Friday, served notice on the people that no alternative method of building roads would be left if the proposed \$50,000,000 bond issue should be rejected.

At the beck of Senators C. W. Board and R. L. Davidson, Robertson managers, the senate indefinitely postponed Senator J. Elmer Thomas' bill which would have made \$5,649,971.95 of state funds available to meet federal road aid in the next three years, in event the bonds failed.

Special Call Then.
Should the bonds under the Robertson plan therefore be defeated by the people at the special election tentatively set for May 6, it will be necessary to call a special session of the legislature to make the same appropriation Senator Thomas proposed and also, according to Senator Davidson, to amend the present road law so as to take road construction out of the county commissioners' hands and authorize a state system.

On roll call, senators voting with Thomas were Briggs, Woodward; Kerr, Muskogee; Leach, Sayre; Morton, Duncan; Sherman, Sherman; Smith, Miami.

When the legislative decks had been cleared for adjournment by passage Thursday afternoon of the last pending revenue bill, the conference committee brought the rewritten road measure before the senate. It was ordered printed, because differing in many respects from both house and senate bills.

The special election date is fixed for May 6.

Members of the new road commission which will administer the great bond issue if adopted by the people are to receive \$5,000 a year, will be four in number and must be men of known professional or business ability and integrity, according to the redrafted bill. The governor will be chairman and appoint two republicans and two democrats.

Free to Employ Assistants.
The commission is given carte blanche to name assistants and fix their compensation.

Legislative appropriations for payments of the maturing bonds and interest are made prior claims on the state's revenues.

The state will be divided into 10 construction districts in which road building will proceed at an equal rate.

Maintenance Tax Stays.
Original house provisions on the maintenance tax against abutting and adjoining property owners were recommended by the conferees. This ranges from six cents down to two cents per acre on property as far back as three miles from the road. Railroads, wire lines and pipe lines are to pay a mileage tax.

The bill as finally passed gives Pontotoc county about fifty miles of hard surfaced roads. One of the roads will come into this county between Sasakwa and Francis, crossing the Canadian river at that point. It will come from Francis to Ada and will go west to Stratford.

Another road will go southwest from Ada by way of Stonewall to Coalgate and other towns in that part of the state. This amounts to two trunk lines through the county. Another road will come south from Shawnee by Stratford and to Sulphur. In case the strip of territory in Garvin county joins this county, there will be about fifteen miles more of paved roads in this county.

GOOD WORK ON ROAD TO BYNG

EXCELLENT HIGHWAY BEING PUT THROUGH SAND BEDS AND TIMBER.

Fine progress is being made on the new road from Ada to Byng where it will cross on the low water bridge now under construction, opening a new trade territory for Ada.

A good road had already been built from Ada as far as the county fair grounds, but a short distance beyond that deep sand was encountered. This has been cleared, the hills cut down into the clay and draws filled in with clay with concrete culverts along the entire route. About three miles north of Ada the road leaves the section line and a new road has been cut through the timber along the crest of a ridge and is being graded up and put into good condition. Clearing the timber was no small job. The worst of the work as far as the Katy section house near Byng has been done and a low water bridge under the Katy trestle over Little Sandy is completed.

The work is in charge of J. V. Latimer, who is an experienced road builder. At a very moderate cost he has made the part completed as good as possible to make a dirt road and will in the near future complete it to the Canadian bridge.

The county commissioners have agreed to open another community to the road by putting a bridge across Big Sandy west of the Katy section house. It is now proposed to open a new road west of the bridge for a distance of about three miles where it will join the Bebee road and make the trip much easier for the numerous population of that part of the county. By means of the new road and bridge they could reach the Byng-Ada road and thus reach the city very easily.

BOLSHEVISM VS. CIVILIZATION

OMSK, Siberia, Feb. 28.—(Correspondence of The Associated Press)—Wholesale assassinations were conducted by the Red Guard in the village of Troitsky, near Perm, when the Bolsheviks were driven out of the latter place by the Siberian army.

say officials of the All-Russian government. Practically everybody known to be educated or regarded as an "intellectual" was arrested and either shot or stabbed to death. The victims include a leading agriculturist named Souvoroff, a woman physician named Kalmykova, a police justice, the aged sister of a priest, and an employee of the forestry administration with his wife.

Incidents of this kind are declared to be frequent throughout the districts occupied or evacuated by the Bolsheviks. Admiral Kolchak, the temporary governor for the Omsk All-Russian government, and other leading officials point out that the Bolshevik movement has entirely lost its original character and has degenerated into wild license and cruelty, trying to exterminate all those who work with their brains against those who labor with their hands, destroying ruthlessly every vestige of national order before dreamt of replacing it with any kind of system or organization.

The general verdict in Siberia today is that if humanity does not stamp out Bolshevism, Bolshevism will crush humanity and everything that is sacred and peaceful in the world, for Bolshevism is regarded as an international danger and not alone a Russian danger.

To check this danger of Bolshevik supremacy the All-Russian government at Omsk has called upon the other political groupings and governments of Siberia and of the territory conquered from the Bolsheviks to unite with it in a national attempt first to crush terrorism and then to rebuild a lasting Russia. The impression exists here that the Omsk government is the most serious and most solid effort to rehabilitate Russia, and that if the spirit of the patriotism of the people is aroused and induced to rally round it, it will prove the nucleus of some great Russian government in the future.

General Denikine, who is operating in the southwest against the Bolsheviks, is said to be vigorously supporting the Kolchak regime and in the north, in the region of Archangel the aged Tchaikowsky, the chief of the Archangel government also has announced his allegiance.

The settlement of the railroad question by allowing the American Stevens Commission to assume the technical management, which was announced here as accomplished, the acceptance by Sergius Sazonoff of the portfolio of Minister for Foreign Affairs of the Omsk government with temporary residence at Paris during the Peace Conference, the unity of command on the Siberian front under the French officer, Major General Jules Janin—all were considered here as strengthening the cause of the new government.

The government's proclamation announcing elections for the choosing of a national assembly would be held as soon as practicable created a favorable impression among the people.

of the Phonograph Shop, Inc.

We believe in the goods we are selling, in the firm we are working for, and in our ability to get "results."

We believe that honest goods can be sold to honest men by honest methods.

We believe in working, not waiting; in laughing, not weeping; in boosting, not knocking; and in the pleasure of selling goods.

We believe that a man gets what he goes after; that one order today is worth two orders tomorrow and in the work we hope to do, and in the sure reward which the future holds.

We believe in courtesy, in kindness, in generosity, in good cheer, in friendship and HONEST COMPETITION.

We believe there is an order somewhere for every man right to take one.

We believe we are ready—right now.

THE PAST WEEK AROUND FRANCIS

(From the Wigwag.)

A letter from Jake Stephens informed his relatives that he went to a show at the Y. M. C. A. in France and one of the actors was Earnest Sidell. He is on a circuit and travels over the country entertaining the A. E. F.

Joe Garrison, who has been in France six months, returned home Friday. He reports that country a mud hole.

Maurice Huckins writes from France that he is helping to build 700 miles of dirt road.

Toney Blankenship and Charlie Martin, who are interested in the refinery, have been here for the past few days.

Mrs. George Gladson, who visited Mr. Gladson at Hope, Arkansas, returned Monday. She reports George delighted with the bright lights of Arkansas.

For the past week the Frisco has had a crew of men at work putting new foundations under the depot, and Harvey house and raising the depot platform to a height of one foot above the old level. This is

a much needed improvement and one that is greatly appreciated by the Francis public.

The Oil State people, who some time ago closed down their well, have started spudding in for a new well. Mr. Gillette will be the driller and Denny Masch tool dresser. It is understood that the Bedanum-Trees people will start their wells again.

The Canadian river bridge will be completed and ready for travel in about two weeks. If no bad luck intervenes. The road from the bridge to Sasakwa is in almost perfect condition and it is hoped to have the road from Francis to bridge in fine shape within two weeks. Therefore we may expect to see a stream of travel setting through Francis on the soon to be famous Oil Cities Route. Then a close observer at Francis will be inspired to exclaim with the poet: "She starts, she moves, she seems to feel, the breath of life along her keel."

Saturday night some hungry culprits broke into the Norman Feed Store and helped themselves to flour, cow feed, potatoes and other substantial articles of food. So far the law hasn't laid hands upon the guilty parties, but there are several suspects.

MRS. H. W. WELLS ENTERTAINS GUEST FROM DALLAS

"Spring is here, spring is here and the swallows have come again."

With budding trees and balmy breeze without, Ada friends were invited to meet Mrs. V. R. Walker of Dallas, at 1 o'clock luncheon with Mrs. H. W. Wells, were made to realize more fully that spring indeed is here, when they were ushered into her apartments made into a veritable flower garden, with spring flowers everywhere.

Mrs. Simpson led the friends to the receiving line where Mrs. Wells introduced her guest, Mrs. Walker, also Mrs. J. O. Abney's guest, Mrs. E. M. Ware, who shared honors with her. The hostess wore a charming afternoon gown of cherry georgette crepe, and the honor guest an exquisite gown of black georgette and lace. Mrs. Ware wore a very becoming gown of apricot crepe de chine and Mrs. Abney white georgette.

Favors were corsages of red geraniums to Mrs. Walker, violets to Mrs. Ware and sweet peas to Mrs. Abney.

The guests found their places at five small luncheon tables grouped about a large table where eight sat with the hostess and honor guest. Crystal baskets filled with spring flowers and tied with green maline formed the center piece on each table and place cards of birds, butterflies and violets added the last touch needed of a truly spring time occasion. A Hawaiian orchestra played softly while the five course luncheon was being served by Mesdames Able, Raspberry, Harmon Ebey, Boggan, Alderson and Miss Barrow. After each course two at each table progressed to the next giving an opportunity to a large number to visit during the afternoon with the honor guest. After the luncheon and a chat for some time with one another, the guests departed declaring Mrs. Wells not only an admirable hostess but her guest a charming lady, whom we regret must make her stay in our city of such short duration and expressing the wish that she may soon visit us again.

Those invited to this spring time luncheon were Mesdames M. L. Lewis, Tom King, C. N. Berry, Boone of Dallas, C. J. Warren, Byron Norrell, Finley, Parker, Molloy, Hope, Bayless, Hale, Barton, Beck, Simpson, Galbraith, Raspberry, Harmon Ebey, Cain, Norris, Rodarmel, G. W. Taylor, Gowing, Ebey, Sledge, Lassater, Shaw, Pettigrew, Rives, M. C. Wilson, J. O. Abney, E. M. Ware, Cutler, Alderson, Able, Boggan, Miss Barrow.

Let Your Rent Money Pay for a Home

There are in Ada hundreds of families who have lived here for years and years and who know, beyond question of reasonable doubt, that nothing could persuade them to leave this splendid city. Yet they have rentend and continue to rent the houses in which they live. Such wasteful extravagance, for it can be termed nothing else, would have placed them long ago in a snug little home of their own.

The war has advanced the world more than a hundred years. A new order of things is coming about. It does not include and will not tolerate extravagance in home economies any more than it will in modern business.

The way to Thrift, Confidence, Safety and Comfort lies through Home Ownership and we have made it easy for you. Will you not call and allow us to explain our interesting plan?
